200m Women national

Jeg er veldig fornöyd med löpet. Det var ikke forventet siden jeg har slitt med hamstringen i det siste tre ukene, men jeg er i form. Jeg haaper aa ta EM-kravet, for det var ikke et optimalt löp, jeg holdt igjen i förste svina.

200m Men national - PB 100 meter. Ikke paa 200 meter.

Jeg er veldig fornöyd med 100-meteren. 100-meteren har ikke vaert distansen min, men i är har jeg löpt aatte stykker og alle har vaert bedre enn den beste fra för. 30 minutter pause til 200-meteren, saa den kom litt braatt paa, saa jeg er veldig fornöyd med den.

Det var veldig bra det, har ikke fölt at jeg har faatt potensialet ut enda, men naa er det kort vei til EMkravet. Jeg kommer nok ikke til aa löpe EM-senior, men har uansett som maal aa ta det ilöpet av aaret.

1500m Men national - PB og EM-krav

Det er helt fantastisk aa ta EM-kravet. Saa bra som det har gaatt paa trening, saa hadde jeg forventet det, men ble litt usikker etter et daarlig löp paa Jessheim sist. Det var ny personlig rekord med fire sekunder.

1500m Men national - 15 years old

Very good race for me. Before this race I did not show my full potential, now I m not far away from Amsterdam standard but anyway I do not want to go as my priority is European Youth Championships. I still hope to run the senior standard until end of the season.

Luke MATHEWS (AUS)

1500m Men national - Winner

My aim was to win today and that worked. I was not too much following the time, interestingly it is exactly two seconds behind my PB. Im already selected for Rio in the 800 m but I also want to run the 1500 m at the Olympic Games. What must I do, just wait until July 11 to be picked as I did not run the trials. We are based in Teddington in London and having still lot of races ahead of us in Europe, next one in Stockholm.

Sandra PERKOVIC (CRO)

Discus Throw Women - Unbeaten this year, 3rd win in Oslo in a row

I always push myself, so it was not easy, I want everytime the best possible result. Today the 4th attempt which was not valid was maybe the best, but I did not had the right angle. Every win is good also for me, here they changed the circle so I hope when I come back next time I will be able to deliver a 70 m. Now still Stockholm, then training camp, then European Championships, again training camp before Olympic Games.

800m Men national - winner 1:45.75

Everything was perfect, stadium, race, but my body not yet. I had difficulties and could not produce better time. But it will come. And my plans? I want to compete at Olympic Games under the Olympic flag. How? I do not know...

800m Women national - Klarte EM-kravet

Dette var sesongdebuten min, så dette må man si seg fornöyd med, men jeg hadde en klar målsetting om ä löpe rundt denne tiden.

Lovisa LINDH (SWE)

800m Women national - PB by 1.22 s

It is amazing for me to run such a big personal best so early in the season. It is only beginning of June. 200 m to go my coach shouted on me that I just should push. And I did that. Now it looks like to run under 2 minutes is not that far away, maybe in a strong race. Definitely it would be nice to qualify into the final in Amsterdam.

Karsten WARHOLM (NOR)

400m Hurdles Men

Det er en bra tid, men jeg mä si at jeg er mer fornöyd med plasseringen enn tiden. Femteplass i Diamond League på 400 meter hekk er bra, det er noen hakk opp fra sjuendeplassen i fjor. OL-kravet er ikke noe jeg stresser med, men det ligger i bakhodet. Det er likevel ikke en faktor.

09/06/2016 20:09

Yasmani COPELLO (TUR)

400m Hurdles Men - Wins from lane 1

This is big for me. Winning the Diamond League and from lane 1 and in fastest time this year. I always have the second part faster. Now I live in Istanbul but my coach is in Italy, in Salerno. Next targets Amsterdam and Rio. And yes twice Copello is the winning name nearly in the same time. Very good feelina.

Shot Put Men

Det er bra, men jeg hadde häpet pä ä ta den norske rekorden i kule pä 17,89 og kanskje ä ha kommet over 18 meter. Det var litt irriterende at det var en lang pause mellom andre og tredje kast på grunn av talen og Ezienne-löpet, men sänt mä man vel bare bli vane med.

Shot Put Men - World junior all-time best

I like to compete, my schedule is very busy. Every 3rd day a competition. So I will go for all top events, Amsterdam, Bydgoszcz and Rio. But most important is to defend my junior title at home in Bydgoszcz. I felt awesome today. All valid throws over 20 m that is very good. I knew I can throw that far.

Alexis COPELLO (CUB)

Triple Jump Men - First career DL win

For me this win is very important, although I wanted to achieve a better result. But the win counts. Yes you are asking about my plans, Im not sure, I want to be at the Games in Rio but I know it is not possible for Cuba. Lets see what the next weeks will bring.

Shot Put Men - First 22 in Europe

You know Andreas (Thorkildsen) is a good friend and when they stopped us because his farewell I said to myself I must do something special also for him. Last two throws were excellent. Also I did not want to lost to a young guy. I had big warm-ups but it took me through the full competition to achieve the right throws. Now heading to LA and train, maybe I will do one small meet in US. All towards our Olympic Trials.

3000m Steeplechase Women - First win in Oslo

This is exactly what I needed now, an easy race. No pressure, clear win. All according to my plan. Fast times will be on my mind after Olympic Games, not now. If my body will be ok and we will have good pacemakers I think we can attack the World record after Rio.

Jeg fikk veldig vondt i hodet etter löpet. Tiden var langt bak det jeg forventet. Jeg vet jeg er i god form, men det gär ikke i löp. All trening tilsier at jeg skal löpe fortere. Det er kjipt. Men jeg mä bare häpe det lösner på 400 meter för fristen for å rekke EM-kravet går ut.

400m Women - First this year win in DL

I already won a Diamond League race before but this year is the first. I must admit I expected a bit faster time, but executed well in last 100 m. It was good race, the right preparation before our Trials. We are there a strong group close to each other so it will be about execution in Kingston. Of course my goal is to qualify for the Games.

Jeg er ikke fornöyd. Det var större forskjell mellom 1500 meter og en engelsk mil enn hva jeg hadde trodd. Jeg tenkte som det var mälgang på 1500 meter og ble litt for offensiv. Spesielt på tredjerunden ble jeg litt for ivria.

Not too much more I can ask, maybe the 90 m. But we are on the right way towards Rio. I will remain in the competition rhythm, next is Stockholm, also Amsterdam is on my agenda. Im honoured to win here at Bislett which is very famour for us javelin throwers. And Andreas gave me his javelin with which I achieved my PB so even more special.

Very tough in this conditions. But I managed to win and felt relaxed after I cleared 565 in third attempt. Then my competition was good, I won, I jump 580, all good things for me. And also the attempts at 587 were promising. I unly used 16 steps approach, not 20 because of the conditions.
