Triple Jump Women - Winner

I am very satisfied. It is a great jump and a great victory. But I think I was able to do better tonight. I wanted to jump 15 m. Every time I jump, I want to do 15 m, and even 16 m or 17 m. This season I had some good results in long jump as well, it is an event I do for fun, as a diversion from triple jump. It is not serious for me, but I managed to get some good jumps.
